

## Congratulations on Your Anniversary

It's not easy staying married! Every year together should be celebrated. Whether it's your *Tin, China, Pearl, Ruby, or Golden* anniversary, or anything in between, gather your friends and family together for some appetizing food and drink, reminiscing, and, of course, **music**.

Let's put a selection of your favorite songs together, starting with "our song", of course, and the songs from your wedding day. Check out my extensive song list on this website -- I'm sure you'll find many songs you both love.

Wouldn't you love to repeat that "**first dance**" again?

I can provide background music or a livelier program to get your guests more involved. You can choose any musical configuration: solos, duos, trios, or my band, *Joint Venture*.

What a nice **anniversary present** to give yourselves, and a fun experience for you and your guests to enjoy and remember.

Call or email me to talk about the songs you both love!
